## \*\*\**Presidents Report*\*\*\*

Greetings to all,

Well here we are into May already!

The Club safety day at Pakenham A Grade was well attended by approx 30 members.

Not too much maintenance carried out but lots of chat & laughter. The BBQ was expertly cooked by Geof Baulch & all were filled to capacity.

A great social day for us to catchup with each others activities.

After lunch the Committee met for our meeting allowing some long distance Committee members to attend.

Over the Easter break Cheryl & I attended a wedding. Our Vice President, John English & Teresa Saunders were married

So congratulations to Mr & Mrs John English our latest newly weds.

On Anzac Day a drive was organized by Alan Weatherhead. Now known as "Alan's Annual Anzac-Day Adventure"

Leaving Alan's home in Warragul & travelling to Willow Grove via Old Sale Rd to Blue Rock dam for coffee stop.

On from there past Fumina to Noojee for a pub lunch. We were joined by Brian & Helen Smith who travelled across via Warburton.

Leaving Noojee we travelled by backroads back to Warragul in time for Alan to catch the Anzac Day footy clash.

A great day out, logging around 130K approx through spectacular scenery with 8 T Models on the road.

Some time was spent tightening loose exhaust flange nuts until hose clamps ,bolts & wire were employed to fix the problem.

It's time to think about nominations for Club Person of the Year. The venue for our Club Luncheon has changed!

The lunch will now be at the Cardinia Park Hotel at Beaconsfield. We have been to this venue in the past it has been renovated recently.

There is lot's of parking area to display our cars.

If you have any interesting articles , photos or trips/activities please consider sharing them with us through T Torque we always need content.

The Ashburton Library is fixed & we are back to our normal meeting venue now.

Best wishes to any members on the Sick List. I hope all get well soon.

National Motoring Heritage day. Cavalcade of Transport at Yarra Glen Racecourse 26th May 10am entry.

Don't forget the Ford Flathead Festival in July at Carribean Gardens - Scoresby.

If you know of any speakers we can get to meetings please let me know.

I am open to any suggestions of day runs & outings that we can do in future.

Hope all is good out there,

Safe Motoring,

See you over the running board,

Dave & Chez

## *Congratulations Terese and John*

Something great happened on Easter Saturday the 20 TH April 2019.

It was the marriage of Terese Saunders and John English at Traralgon.

They were married in the gardens of the Traralgon Regional hospital where they were joined by friends and family including John's faithful dog.

Unfortunately John was a patient in the hospital the day of the wedding and over the last few months has spent time in various hospitals.

Congratulations to our vice President and his wife, MR and MRS John English.

We wish them every happiness and hope for successful ongoing treatments to allow John to finish his current projects and indulge in his T Model Speedster with Terese, touring through the hillside of Toora. (Keep up the exercise John)

**Thank you for your support John over the last couple of years. Trevor Merton**

### **REMINDER FOR UP COMING REGISTRATIONS THAT ARE DUE.**

Hello there to all our club members,

Your committee felt that a reminder for people (especially those with multiple cars/bikes to keep a track of) of their upcoming registration due on their vehicles would be a good idea. Thus far it has jogged the memories or RTA checking of a few members, so is proving worthwhile. If you no longer own or have the listed vehicle on red plates can you please ring the secretary and let her know.

This list has been compiled from our current registration register.

## ANZAC DAY RUN WARRAGUL AREA

Anzac Day arrived and the weather was perfect for the run that Alan Weatherhead had planned. We set off from Alan and Caroline's home in Warragul but unfortunately Caroline was down with the flu and couldn't come with us.

We travelled to Nilma then to Willowgrove via the Old Sale Road for morning tea. We then travelled to the Blue Rock Dam which still holds a lot of questions that remain unanswered about the little boy that was found murdered there and we all chatted about the story.

From the dam we travelled through Fumina then to the Noojee Pub for a wonderful lunch. We were met there by Brian and Helen Smith.

We had 8 T's and one modern for the run and had a really great drive on typical Model T roads through Gippsland.

Our "travel buddies" included David Weatherhead, Alan Weatherhead, Warwick & Paula Landy, Frank & Kerry Van Eckryn, Geoff Brookes, Cam, Belinda, Patrick & Aiden Smythe along with Jasmine, Ann & Dean Williams, Pam & Colin Weidemann and Jack and I.

Thanks Alan for a great outing-we just loved it.  
Mickie and Jack Turner.

## *My T PROJECT*

My 1924 T Tourer was an abandoned project by 2 brother-in-laws clever than I. One went on to build a kit GT Cobra, the other a 10/10 Ford Van.

After 3  $\frac{1}{2}$  years and a cost of 10% more than it is worth, and all my ground up rebuild labor freely given in, I name the project "DIVORCE FODDER".

I comfort myself (console) by convincing myself that most hobbies demand unpaid work, cos if they pay, then it's a job.

A giant learning curve where I met several pleasant, intelligent local T Restorers who freely give invaluable advice. Us locals should meet informally one day. My wife generously loans me finance on the pretext of being paid back.

Henry Ford is now my mentor!!

I love my '94 EF Falcon, but the 12Volt T has better lights, starts quicker and takes a day less to pull the head off, and I can trouble shoot and repair it at the side of the road with basic tools (and knowledge). This project has proven my marriage to be rock solid.

I believe that a man of 63 yrs of age needs either a sad looking T Ford project, or he has got to have an affair. (Preferably not so sad looking and not a 1924 Model).

## *T FORD OIL CAN*

I RECALL Loveland & Loader Panel Beaters and Used Cars in Dana St in Ballarat, next door to a multilevel car park, (where the fridge swap is held).

I looked up the phone book and couldn't find a Haslem, but did find one Loveland, Winston, whom I visited. He was 90 at the time and a son of Arthur, the pioneer that is mentioned in the Ballarat Vintage and Classic Car Club 40yrs celebration Book.

Loveland and Haslem were Ford Agents 1921 to 1923 so their dates the Oil Can. It has a swivel out pourer lip and is made of a very thin metal and butt joint soldered. They would make poor fuel cans due to the risk of the joint splitting and I guess this befell the fate of most that were made.

They were made by Gadsdens of Melbourne who still make drink containers. The front and rear of the can depicts a sedan, one side has a Roadster and the other a Tourer.
